

TRINITY MOTHER FRANCES SELECTS SCIEALTH FOR HOSPITAL PERFORMANCE MANAGEMENT

ATLANTA (February 26, 2008) – Tyler, Texas based Trinity Mother Frances Hospitals and Clinics has selected SciHealth as their next generation performance management solution. A recognized national leader in performance improvement, Trinity Mother Frances is using SciHealth INSIGHT to consolidate reporting of key financial, clinical and operational metrics.

“Trinity Mother Frances has a proud history of continuous performance improvement” said Lee Portwood, CIO. “Part of our culture is to put in place solutions that will help us provide the very best care possible. Along these lines, we are excited for the promise that SciHealth INSIGHT holds for our staff. We feel our team will benefit from a newfound ability to provide a central point of focus to benchmark performance. We feel it will further ensure that we are all on the same page when it comes to setting and exceeding our goals.” CQO, Robin Fabre M.D, added “Trinity Mother Frances presents among the best in public reporting measures and we expect full internal transparency to further advance our mission.”

“We are very pleased to be selected by such a recognized leader in healthcare performance management” said SciHealth CEO, Bill Leander. “We are committed to helping provide Trinity Mother Frances with a central point of truth across many departments.”
